
Hierarchically Clustered Wireless Sensor Networks Lifetime

sep: a stable election protocol for clustered ... - ergy, in wireless sensor networks that are hierarchically clustered. in these networks some of the nodes become cluster heads, aggregate the data of their cluster members and transmit it to the sink. **energy efficient hierarchical clustering algorithm for ...** - abstract: wireless sensor networks are the collection of sensor nodes. these sensor nodes are small in size, powered with batteries and have limited storage and radio capability. in wireless sensor networks that are hierarchically clustered with the heterogeneity of sensor nodes cluster head is **a zone-based clustering protocol for wireless sensor networks** - based hierarchically clustered wireless - sensor network, we optimize certain factors of the network such as the number of clusters established, type of cluster head elected and the total energy expended at the zones. **performance analysis of energy efficient clustering scheme ...** - heads, are chosen to be the head of each cluster. in a clustered wireless sensor network, the regular nodes sense ... employing clustering techniques in routing protocols can hierarchically organize the network ... wireless sensor network is now represented by hierarchical collection of clusters. **sep: a stable election protocol for clustered ...** - we study the impact of heterogeneity of nodes, in terms of their energy, in wireless sensor networks that are hierarchically clustered. in these networks some of the nodes become cluster heads, aggregate the data of their cluster members and transmit it to the sink. we assume that a percentage of the population of sensor nodes is equipped with ... **a novel energy efficient routing algorithm for ...** - a novel energy efficient routing algorithm for hierarchically clustered wireless sensor networks huang lu and jie li ... a wireless sensor network (wsn) is a wireless network ... a power efficient routing algorithm for hierarchically clustered wsns is proposed. in our proposal, **an energy efficient clustering algorithm for wireless ...** - an energy efficient clustering algorithm for wireless sensor networks (eeca) firas zawaideh submitted to the institute of graduate studies and research in partial fulfillment of the requirements for the degree of master of science in computer engineering eastern mediterranean university september 2012 gazimağusa, north cyprus **an energy e-cient clustering scheme for data aggregation ...** - abstract in wireless sensor networks, a clustering scheme is helpful in reducing the energy consumption by aggregating data at intermediate sensors. this paper discusses the important issue of energy optimization in hierarchically-clustered wireless sensor networks to minimize the total energy consumption required to collect data.
